The diagram illustrates a 1024-bit bus structure. It consists of two rows of boxes. The top row contains 1024 boxes, representing the full bus width. The bottom row contains 1023 boxes, representing a segment of the bus. To the right of the bottom row, there is a label '102:23' followed by a single box, indicating a specific bit range or segment within the bus.

Three rows of empty boxes for writing answers, each row containing 20 boxes.
