Three empty ten-frames are provided for recording the tens and ones of the numbers 10, 15, and 20. Each ten-frame is a rectangle divided into ten equal squares, arranged in two rows of five.

A sovereign protector I have□

--	--	--	--	--	--

Three rows of empty boxes for writing answers, each row containing 20 boxes.

Green Hill Far Away

 5:8

[illegible]

A grid consisting of 6 rows and 20 columns of empty boxes, intended for writing numbers.

[illegible]

There Is a

.....

A diagram illustrating the relationship between the number of blocks and the number of tens. It shows four rows of blocks:

- Row 1: 30 blocks (10 tens).
- Row 2: 10 blocks (1 ten), with the number 30 written to its right.
- Row 3: 30 blocks (10 tens).
- Row 4: 10 blocks (1 ten).

Diagram illustrating a timeline or schedule. The timeline is represented by a horizontal bar divided into segments. The first segment is labeled "10:29-30" and is shaded. The rest of the bar is divided into segments, with the last segment labeled "6:30".

The image shows two horizontal bars. The top bar is a single continuous rectangle divided into 20 equal vertical segments, representing 100%. The bottom bar is a rectangle divided into 20 equal vertical segments, with the first 15 segments filled with a dark blue color and the remaining 5 segments left empty, representing 75%.
